We are here for all your shipping needs.

SERVICE SCOPE

The scope of ship chartering services is broad, encompassing the rental of a vessel for a specific trip, period, or purpose, and includes a wide range of activities from arranging logistics and customs clearance to managing vessel operations and providing specialized cargo solutions.

Key aspects include securing the right vessel type, such as a voyage charter for a single trip or a time charter for a set duration, and managing the associated costs, responsibilities, and risks for transporting goods like bulk commodities or project cargo.

Our main goal is to continue to offer our customers high quality services consistently and reliably. Our professionally qualified team, well-educated and dedicated shipbrokers, can serve our clients in the major segments of Dry cargo shipping.

WORK BASES

Our skilled shipbrokers are dedicated to providing you with tailor-made solutions worldwide. Covering all major vessel sizes, from coasters up to Panamax, our specialized team of brokers can achieve every client's goals.

Based on your transportation needs, we charter any and all types of dry cargo and bulk vessels in cooperation with our wide network of export partners.

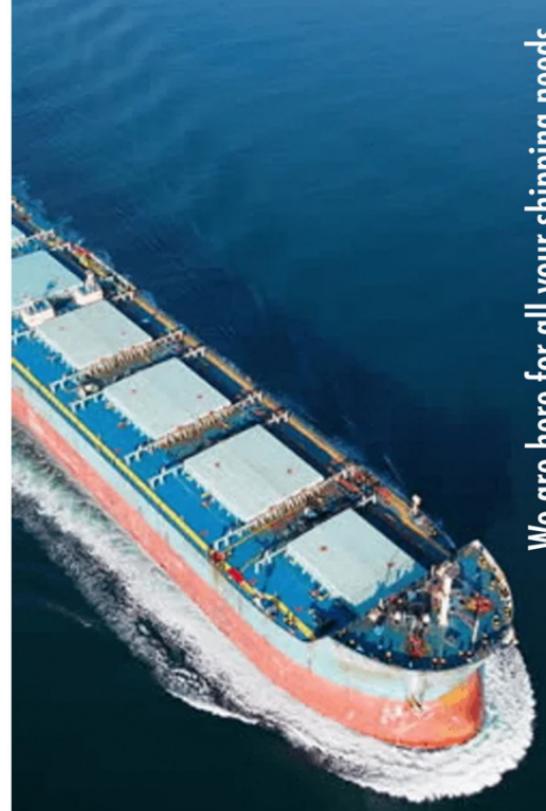

OUR SERVICES

Our expertise and experience combined with our location makes us one of the leading chartering firms when it comes to fixing any cargo and/or any vessel worldwide.

We provide first-class chartering services by sensitively bringing together our clients, with confidentiality as priority.

We provide end-to-end commercial ship management solutions.

Our Chartering, Operations, Brokering and Ship Management teams offer integrated, high-quality services, with a focus on efficiency and flexibility

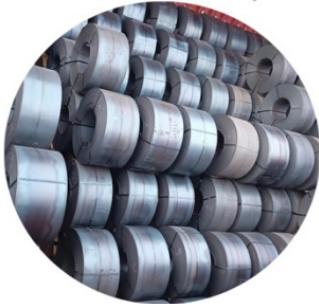

We are here for all your shipping needs.
